

# JOURNEY OF A HAMPTON LOG

## CARE

We **replant three trees** for every one harvested.

## TIME

Trees spend the next **40-60** years growing while providing habitat and recreational opportunities.

*The Pacific Northwest is one of the best places in the world to grow trees.*

## HARVEST

We work with **local logging businesses** that operate with the highest regard for safety and the long-term health of the environment.

## TRANSPORT

**Local trucking operators** transport logs from the forest to one of our sawmills for processing.

## VICTORY LOG

Hampton supplies the Portland Timbers Soccer Club with **sustainably harvested VICTORY LOGS**.

## PROCESSING

Turning logs into lumber – **we use 100% of each log** processed at one of our mills.

## INTERNATIONAL

We export finished lumber to **more than 30 countries**.

## DOMESTIC

Our lumber travels by truck and train to home centers and suppliers **throughout the U.S.**

## BYPRODUCTS

What doesn't become lumber is used for **biofuel**, pulp and paper, particle board, and agricultural and landscaping products.

## HOUSING

Hampton processes enough lumber to build **110,175 single family homes** each year.

**HAMPTON LUMBER**  
*A better way every day.*
